Renew Business Tax Receipt Online

Need to renew your Business Tax Receipt (formerly called a Business Registration Certificate or Occupational License)? **Do it on-line** and pay by E-Check without incurring any additional charges or processing fees.

It is even possible to update the mailing address and/or contact information for your account at the time you pay for your annual renewal. Just enter the requested information into our secure web-based application and complete the transaction via the internet.

Leon County Tax Collector, Doris Maloy said, "This is part of our ongoing effort to accommodate the emerging preferences of our customers. By helping more customers use remote transaction processing options, we are better able to serve other customers who prefer face-to-face service and/or those who have unusual situations that may require more intensive assistance."

"While we hope to encourage more customers to take full advantage of our on-line payment processing and account update capabilities, we remain fully committed to offering excellent customer service, regardless of the manner in which you prefer to do business with us."

Making Taxing Situations Easier
